

parent note

This sweet note is like a little piece of treasure for each student on the first day of school.

I make sure that each parent fills out this note with kind words to his/her child wishing the child a fantastic 1st day, etc. After collecting these notes, I make sure to spend time at some point on the 1st day reading them to each child.

For students who do not come to meet the teacher but do come to the first day of school, I make sure to catch the parent at the beginning of the first day of school and have them write a quick note before they leave.

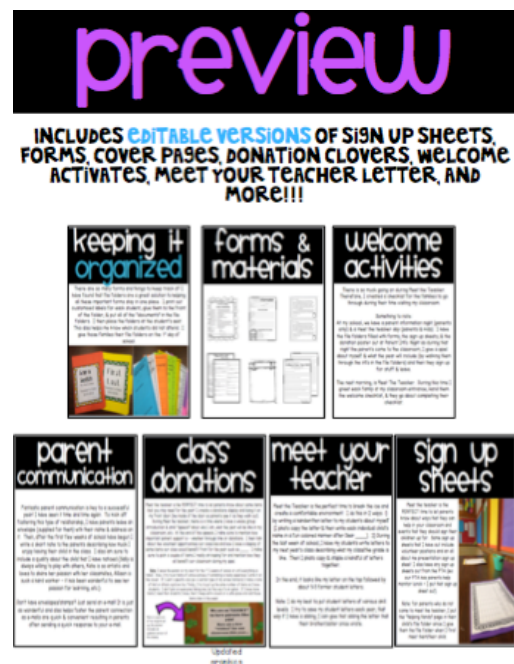

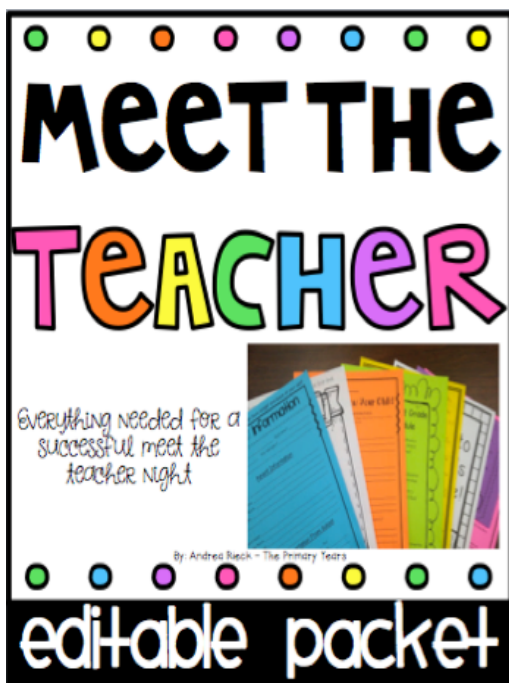

Don't have a meet the teacher night before the 1st day?

This is a great activity to send home {perhaps in envelopes} the 1st day and then collect by the last day of the week, 2nd week of school congratulating each child on a fantastic 1st week, etc!

sneak peek

Was this letter just what you were looking for?
Are you looking for something else related to Back To
School?
There's More!

This packet includes a "Letter from Home." This letter
template is part of our larger packet... Meet The Teacher:
Everything You Need For A Successful Meet The Teacher
Night.

Please write your child a note to leave on their desk.
