

## How To:

Get a piece of butcher paper long enough to have 12 index cards at the bottom in a row.

Write 1 month per card. Glue the flashcards to the bottom of the paper.

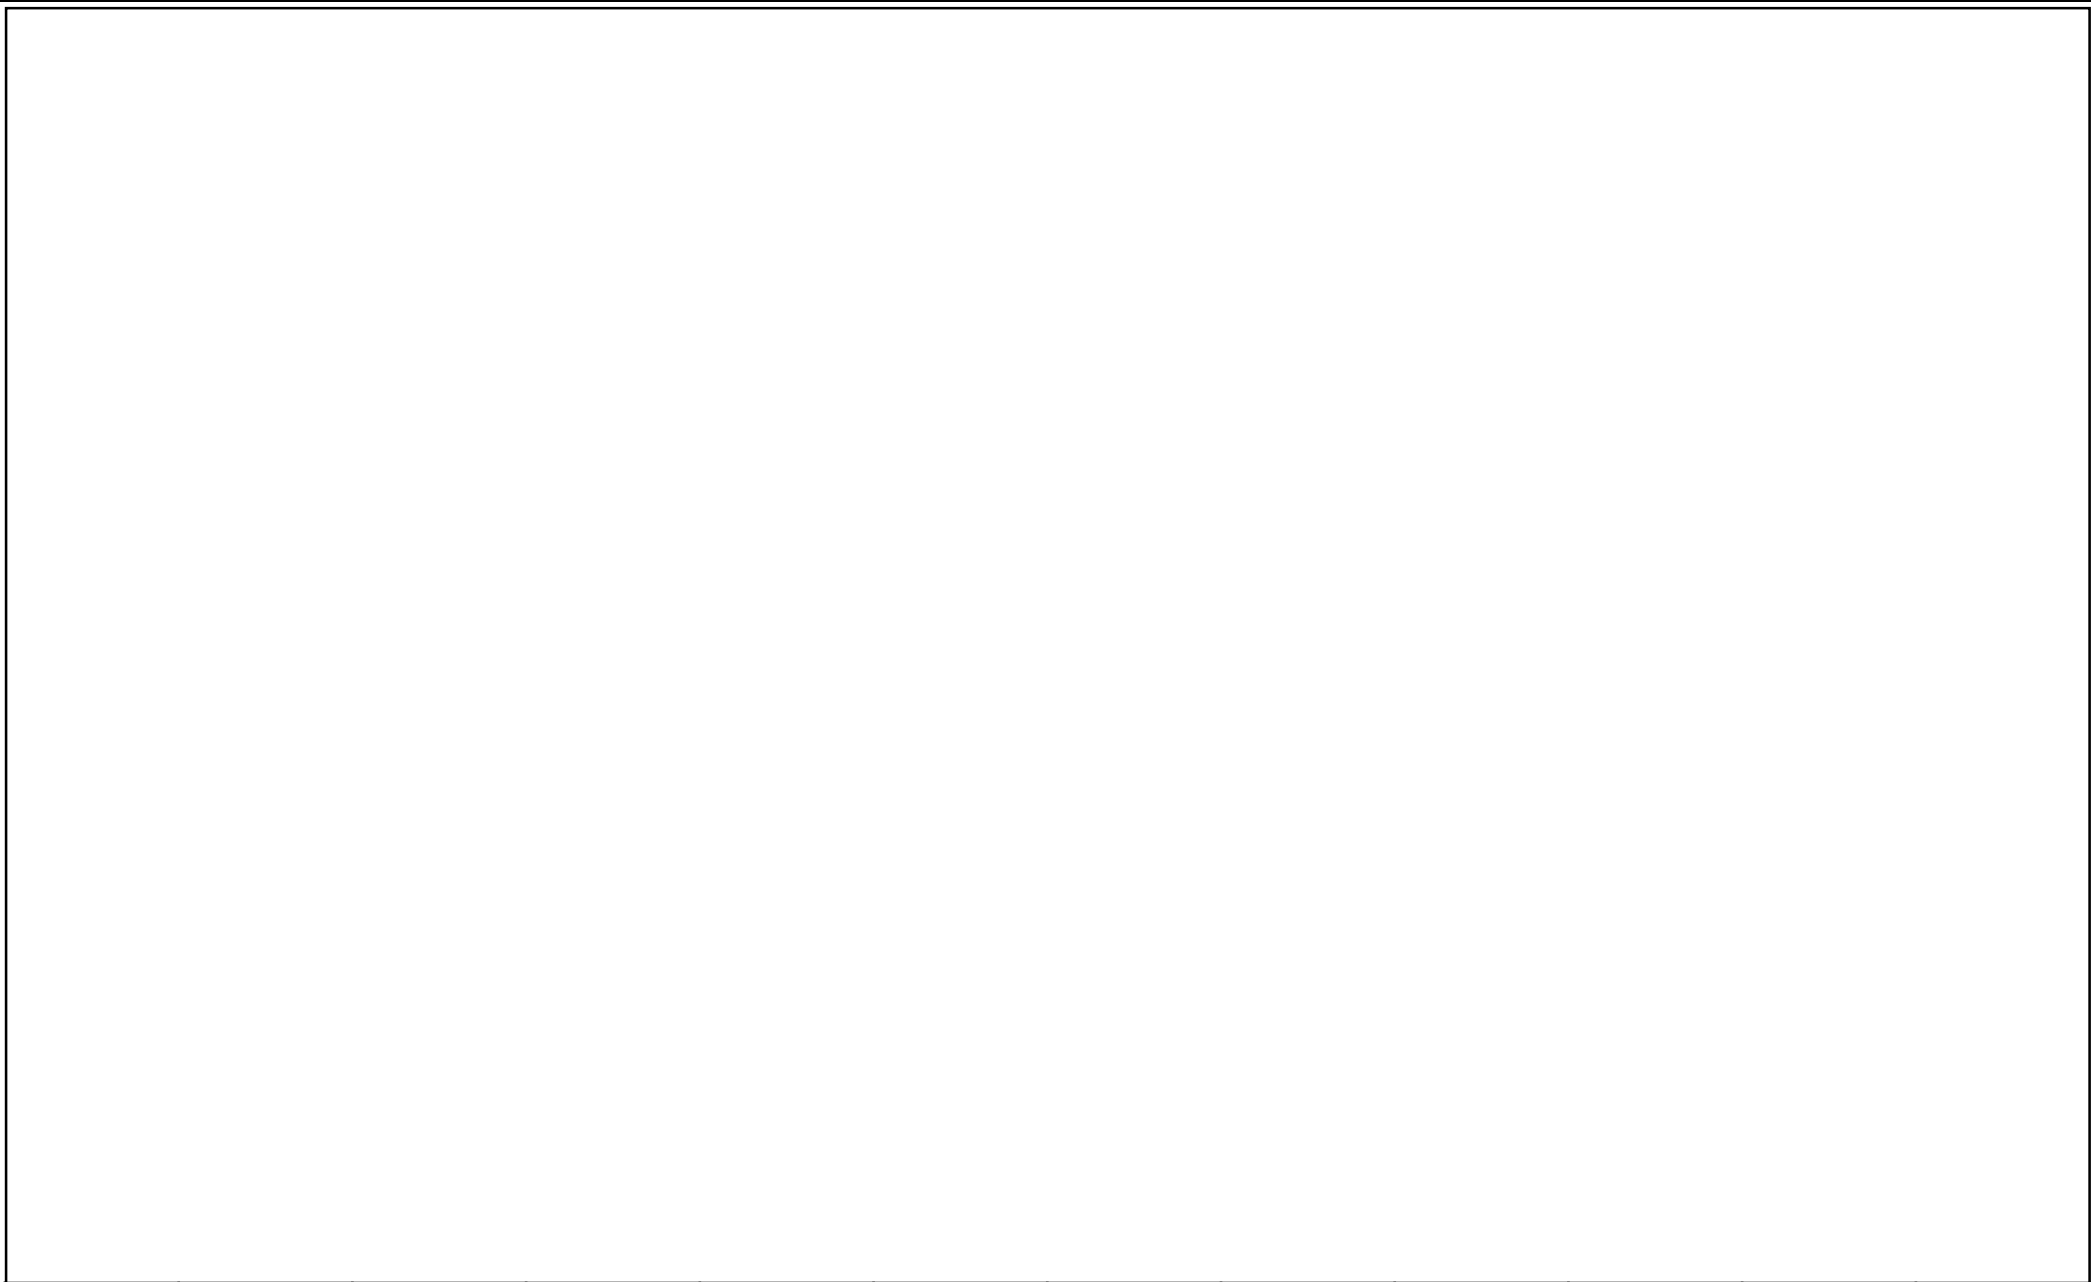

Write "Our Birthday Graph" at the top of the paper.

Give each student a cupcake. Let them use a marker to write their name on the cupcake liner & the number of the month that their birthday falls on on the top of the cupcake.

Have the place their cupcake in numerical order above the month their birthday falls in.  
Talk about the results!

# OUR BIRTHDAY GRAPH

January	February	March	April	May	June	July	August	September	October	November	December
---------	----------	-------	-------	-----	------	------	--------	-----------	---------	----------	----------
